2012 Easter Special Offering

The Easter Special Offering supports the General Ministries of the church. General Ministries serve across the U.S. and Canada and around the world. General Ministries are partners in ministry serving through far-reaching and unique organizations.

General ministries that receive support from the Easter Offering include: the Central Pastoral Office for Hispanic Ministries; Church Extension; Council on Christian Unity; Disciples of Christ Historical Society; Disciples Home Missions; Division of Overseas Ministries/Global Ministries; Higher Education and Leadership Ministries; National Benevolent Association; National Convocation; North American Asian/Pacific Disciples; and the Pension Fund.

Resources for Lent and the Easter Offering can be found on the [Disciples Mission Fund website](#). The special offering will be received in congregations on April 1 & 8, 2012.

*Rev. Dr. Teresa
Dulyea-Parker*

Regional Minister &
President

Good Morning Church!

Our Disciple Identity statement says, "We are Disciples of Christ, a movement for wholeness in a fragmented world. As part of the one body of Christ, we welcome all to the Lord's Table, as God has welcomed us." I've been considering what that means in light of our history, our present, and our future. As I consider our history, I find it amazing that this movement for "unity" began when our nation absolutely needed it. We point to a Communion Table event, when one of our founders came to a moment of clarity that "tests of faith," that separate and divide, were not what the table of the Lord is about. We point to a handshake in 1832 as a defining moment when Disciples and Christians joined together to lift the cause of Unity. We point to a Cane Ridge revival where 20,000-30,000 people gathered from many denominations, slave and free, women and men, to hear about a loving God and the unity of the body of Christ. They spent 7 days filled with the Holy Spirit, until the food ran out.

John Huxtable, our Pastor at Virden, likes to point out that Stone and Campbell disagreed on two basic tenets of faith---baptism and the trinity--- but chose to stay together. The reason was simple, "I can see that God is working in you." It is remarkable that they could do that, when this nation was preparing to tear itself apart with Civil War. Isn't it a wonder that this movement came into being in this time?

As I consider our present, I find it amazing that we are reclaiming

that we are a "movement for wholeness in a fragmented world." I'm reading a book called The Big Sort by Bill Bishop. The subtitle is "Why the Clustering of like-minded America is tearing us apart." The premise is that in the last 40 years, we have intentionally clustered in neighborhoods and communities and congregations where we can find support for our particular values and view of the world. We are experiencing a new segregation based on whether you think the same way I do, or value the same thing I value, or believe the way I do. We are cutting each other off, shunning each other, rejecting each other---doing violence to one another---in order to protect the preference of my "right" way. In our separate worlds, side by side, we become radicalized because we are unwilling to see that "God might be working in you."

The author suggests one reason the mainline churches have struggled in this time is because of our desire to hold the middle, to live with diversity, to find another way--a way of wholeness and togetherness. It might even be, because "I can see that God is working in you." Isn't it a wonder that this movement is present in this time? You and I are here for this moment, to share a word about wholeness and a Table where all are welcomed.

As I consider the future, I find myself amazed by our young people. I spent the last weekend at Summit with 355 plus young people and their sponsors. They came from as far away as Milwaukee and Metropolis, Danville and Quincy. It was a "mini-Cane Ridge." Our theme was "No Boundaries, No Limits" based on Isaiah 40: 28-31. They heard there is "no boundary or limit" to God's love for them. They heard that when they wait upon the Lord, they will be renewed and strengthened for the work God calls them to do---re-

building the community/church. They heard they have power to choose good things, and influence lives. They heard it in rap, rock, and hymn. It was all about Praising God and answering the call to walk with Jesus. Many made their confession of faith, many re-dedicated their lives to Jesus, many answered the call to ministry ---they wanted to give their whole heart, mind, strength, life to God. They heard us say to them and mean it, "I can see that God is working in you."

Let us be a church devoted to wholeness in a fragmented world; people who can see beyond themselves that God is working in others and in us. Jesus has chosen us for this moment. Do not be afraid. Wait upon the Lord.

New Covenant Community (NCC), our Disciples/UCC congregation, housed in the Campus Religious Center (CRC) at 210 W. Mulberry St., Normal, IL, has now become a partner owner & operator of the Campus Religious Center. The CRC was owned and operated by three campus ministries: American Baptist, Evangelical Lutheran, and the United Campus Christian Foundation (UCCF). Due to decreasing funding for campus ministries from our affiliated denominations, the board of UCCF voted to transfer its equity in the CRC to New Covenant Community, which now makes NCC one of three partner-owners of the building. This will take effect January 1, 2012.

Austin Boulevard Christian Church (Disciples of Christ), Oak Park, IL held its final worship service on

Christmas day, Dec. 25, 2011. The spirit of Jesus was shared and the faithfulness of generations celebrated.

Austin Boulevard Christian Church was established in 1898 on the corner of Austin and Superior. It was located on the edge of the Austin neighborhood and the new Oak Park community. Austin Blvd was a dividing line -socially, economically and racially. The traffic flow along the street was discouraging to passage (part of a Church Extension report). This congregation was positioned on a boundary line. It is clear that they tried to bridge that boundary with community organizing, outreach and hope. The impact of their ministry ecumenically and interfaith continues in Oak Park. They understood their work in six words: Love God. Love People. Reach Out. It is a legacy to be celebrated, even now as the congregation closes. Thank you ABCC for "Embracing Christ and Serving the World." Pray for Pastor Dwight Bailey and the congregation-May 8, 1898-Dec. 25, 2011. —from facebook.com/teresacciw

Communion Service

Faith in Action—Night Ministry

On Tuesday night May 12 our **Faith In Action group from the Congregational United Church of Christ and Christian Church of Arlington Heights** prepared and served 100 meals within the Pilsen Neighborhood of Chicago. We were sobered by the need we saw, but thankful that *The Night Ministry* is organized to help in so many ways.

We were surprised that it only took ten to fifteen minutes for all of our 100 sandwich bags to be distributed. Betty Peterson's homemade brownies were a great hit. We were all impressed with *The Night Ministry* mobile bus facility. They are equipped for food distribution, as well as basic medical on site treatment & testing. We had the chance to visit with some clients who lingered until the bus left. Our conversations will be long remembered.

We were heartened by all the members of our two congregations who donated the items needed for the sandwich bags, as well as a nearby deli that unselfishly donated some of the items needed. I hope that this Faith in Action project will lead our churches to continue to reach out to those in need.

Faith in Action—Next Steps

The Faith in Action Small Group that served a meal in the Pilsen area is making plans to continue serving meals for *The Night Ministry* at the Pilsen stop on **Tuesdays**.

The hope is to have several small groups (4-6) people preparing and serving meals for Night Ministry at least bi-monthly, and perhaps even more. *The Night Ministry* has routes that run Mon.-Sat. in various places in the city and west and southsides of Chicago.

The next trip is scheduled for December 14th to Wicker Park. We are also taking items for children's Christmas stockings. -from Christian Church of Arlington Heights website.

Weekend Lunch Bag Ministry

One of the ministries offered through **First Christian Church, Benton, IL** is the *Weekend Lunch Bag Ministry*. Started in 2008, the purpose of this ministry is to provide food (via brown lunch bags) to Middle School children whose only source of nutrition comes from school. It was brought to our attention that many children would go home on Friday and not eat again until Monday. The school was their only source of food. Our Young Adult Group decided to act and through the continuous donations from church members and friends, we are able to provide sack lunches to hungry children. —from FCC, Benton, IL website

PADS (Public Action to Deliver Shelter)

United Christian Church, Country Club Hills, IL participates in the South Suburban PADS program, providing shelter on Wednesday nights for women and children. We supply our guests with sleeping accommodations, a hot supper, breakfast, and a sack lunch. These services are performed by volunteers on our sight between 6 pm on Wednesday and 7 am on Thursday.

South Suburban PADS has been providing emergency overnight shelter in the southern suburbs since 1990. It is an ecumenical effort that serves homeless men, women and children with hospitality, compassion and dignity. At shelters located in a number of churches and synagogues in eleven communities, PADS provides food, warmth and encouragement to guests who are in need of shelter during the cold weather months. —from United CC website

2012 Continuation of Ministerial Standing

In keeping with *The Policies and Criteria for the Order of Ministry of The Christian Church (Disciples of Christ)*, the CCIW Region's Ministry Committee is responsible for the certification of Standing of ministers currently engaged in the practice of ministry within its regional boundaries and for a periodic review of that standing within those policies and criteria. Full texts of all codes, policies, and criteria are available on the regional website under *Clergy Resources*.

Relative to retired ministers, it reads: *Ministers with standing at the time of retirement retain this standing except when the minister no longer meets the personal qualifications for admission to the Order of Ministry. Upon retirement standing is certified annually by the region in which the minister holds participating membership in a recognized congregation in the community, when feasible.*

2012 Request for Continuation of Ministerial Standing Forms were mailed to all clergy currently having Standing in the Christian Church (Disciples of Christ) in IL & WI in December, 2011. There is also a [fillable Adobe .pdf form](#) on the regional website if you would like to send the form electronically. By completing and returning this form prior to the deadline of January 30, 2012, you enable the CCIW Ministry Committee to affirm

your ministry and certify your standing. **As a minister with Standing, your name will then be listed in the Ministers Directory of the upcoming Yearbook and Directory of The Christian Church (Disciples of Christ).** Further, as a minister with Standing, you then have voting privileges in General and Regional Assemblies; may call upon church offices and agencies for such support and services as search and call assistance, ecclesiastical endorsement, and scholarship aid; and meet IRS requirements for housing allowance provisions. Your Ministerial Standing is something you want to protect and maintain as current. Reinstatement of lapsed or terminated standing can be a frustrating and lengthy process. NOTE: This is an annual process; thus, any two sequential years of non-completion of this form means automatic lapse of standing.

MISSION ACTIVITIES

Congo Connections

Jean Wallace

Thank you for the wonderful response you gave to the Women-to-Women's pre-trip service project. You as a church, region, and friends assembled enough sewing kits to fill four boxes, each weighing almost 50 lbs., plus a suitcase, which weighed about 45 pounds.

With great joy, the Women's Department of the Community of Disciples of Christ in the Democratic Republic of the Congo received these supplies. One of the priorities of the women's department is the socio-economic development

of local women, so a school for seamstresses has been opened in Mbandaka by the many Disciples churches in that city. The kits are used by the women who enroll. Actually, the response to our project was so great that we were able to distribute the kits to a much larger group of women than the initial plan anticipated. Each of the women from the DRC who came to the national meeting of Disciples Women held in Mbandaka in conjunction with our visit was given a kit.

A member of the Ray of Hope Christian Church (Disciples of Christ) in Atlanta blessed three of my boxes. The fourth box had already been sent to

Africa with our leader, Sandra Gourdet, when she went a week early to make final preparations for our visit. The battered suitcase, which held another 45 pounds, was still in my room to go it as checked luggage.

Christian friends, we outdid ourselves. And I still have two sewing machines and more sewing kits that will be sent as soon as the political unrest due to the presidential election dies down and a container can be arranged for the transportation of these things.

Good work! God bless you!

IL Valley Cluster Mission Trip to Slidell, LA

Six volunteers from the IL Valley Cluster of Christian Churches traveled to Slidell, LA October 8-15, 2011 to continue hurricane relief work. Upon arrival, they were assigned to a home off of Canal Street, very close to the French Quarter. All had specific jobs to do...Larry and Geraldine Runkle of First Christian Church, Peoria worked on tiling bathrooms and Rev. Karen Merrick sanded and painted moldings and stairway spindles. Karen reports on their conversation with the home owners and an update on work in the area:

"The owner of the house shared his story of watching the water rise and being trapped on his second floor with his wife and 80+ year old mother. Occasionally, he would climb out onto the roof and try to flag down passing rescue boats."

"What we soon understood was that everyone had a flood story...a story of evacuation or of rescue. Everyone knew folks who had not survived, sometimes a next-door neighbor. What we also found out was that New Orleans is still only 65% restored and that the vast majority of the work done and the organizations left to continue the work are predominantly through the Church."

"The parting words from the project manager were, 'We know there have been other disasters that need attention; but please don't forget us. We have so much more to do.' -Karen Merrick, FCC, Peoria, IL Newsletter, Oct. 26, 2011

Mackinaw Christian Church, Mackinaw, IL sent a group to **Joplin, MO** on a mission trip Dec. 11-15, 2011. What did we do? We got dirty for Jesus! We spent Monday - Wednesday doing work for South Joplin Christian Church (Disciples of Christ), which is one of thirty-nine churches that were damaged by the tornado that hit Joplin. From May 22nd until November 6th they had to worship at a different location.

Now, we did not work on the church itself, but on a Quonset Hut that has served as a youth center. The church has decided to convert it into a Mission Station. The plan is to create living quarters with bathrooms, showers, kitchen, and housing for thirty-six. Our group worked on this conversion as we carefully tore out panels, cleaned, added insulation, returned the panels, and then put up frames for the walls. They hope to begin housing mission groups March 18th, 2012 for the next five years. This is how long they expect to need to receive groups doing mission work to repair the damage done by the tornado.

We felt blessed by being an instrument of God. We used our hands and feet to be Christ to this church and helped enable them to do what they feel God is calling them to. But as the debris has been cleared, people are seeing the virgin land, they are seeing others come in as the hands and feet of Christ, and they are beginning to have hope. That is something worth being a part of, don't you think?
—Pastor Dave Jassman, Mackinaw CC

JOPLIN, MO MISSION TRIP 2011

The mission team including Judy Blessing, Nancy Barnes, Julie Robinson, Jim Underhill, Henry Sur, Brian Metz, Lonnie Southern, Mark Johnson and Mike Robinson left the Bloomington, First Christian Church (FCC) parking lot at 7:00 am on Wed., November 16th after a prayer circle and send off from Michael Fitch, Bob Trefzger and Deb Underhill. Caroline Herbert from San Benito, TX joined us in Joplin. We used a van from FCC and Lonnie Southern drove his new pickup truck with our tools and luggage.

Upon arrival in Joplin at our host church, Wildwood Baptist, we were greeted warmly and shown around the facility. Wildwood and other churches of the area have graciously opened their doors to mission teams without charge. We settled in and then went to dinner.

On Thursday we left early and went to the Joplin Family Worship Center (JFWC) for breakfast and our instructions. The JFWC is one of the centers for victims of the tornado to come to for help, for food, clothing or replacing/remodeling for their homes, volunteers to have a free breakfast and lunch, job assignments and supplies. We met with Mike Luther, the coordinator for job assignments, and he gave us instructions for two assignments. Our first was for the Dickenson family who had just about finished their home with the help of previous groups but were on a time crunch to get out of their temporary housing due to the holiday. All ten of us tromped into their house to an upstairs bedroom and cleaned up the bedroom of their 2 sons; we boxed everything up and prepared for some drywall work in the dormer of this room. They also asked Mike to look at the toilet upstairs as it had not worked properly since the tornado. The men accessed the needs and we went back to JFWC for lunch.

Our next assignment was a roof repair for a bedroom that was in a former garage. Upon arrival this seemed like an overwhelming task. There were several layers of old shingles and a few holes in the roof from flying debris and rotten wood. So we divided up into teams: Henry and Lonnie worked on the toilet at the Dickenson house, Jim and Brian worked on the drywall repairs, Mark, Judy, Nancy, Caroline, Julie and Mike went to the Bauersfeld garage and began the task of removing old shingles. The homeowners were so excited. They had waited six months for help. They jumped right in to help.

On Friday Nancy and Caroline worked at JFWC in the kitchen (we had also helped there on Thursday). The rest of the team set out for the roof job. A lot more shingle removal and hauling the old ones to the curb. New OSB was added after repairs to the holes and rotten areas.

On Saturday a family from Morrisville, IN joined us to finish the roof. They had driven down on Friday with a box truck full of furniture that was donated. They had three men that were able to join our men and get the roof shingling done. They had some experience and many hands made the work go faster. As a team they had guys laying

shingles out, nailing, keeping shingles and nails supplied, working on the ground cleaning up or handing things up to the roof as needed. As we put the last nail in and the gut-
 tering on, the sun came out! God was pleased.

View of the finished roof .—Mark Johnson

Saturday night we invited the Bauersfeld family to have dinner with us at Wildwood. We had a simple buffet dinner and afterward had a worship and time of sharing our experiences. Everyone was changed by the trip and the family was so grateful. Eric, the father, stated: "we received more than a garage roof, and that is true for all involved."

The family wanted to share their story with us and here is a little of what they experienced:

The tornado came in pretty quickly and many ignored the warnings, stood on their porches and watched or went on about their business. Eric went outside to watch but he quickly realized this wasn't a small storm. He watched furniture, clothing and various stuff fly by. Their older daughter and granddaughter lived in another part of town so Eric went to check on them as soon as he could. He arrived to find the top story of their house gone. He found their daughter and the 18 month old baby under a staircase. The baby was sup-

Long Overdue Smiles!

posed to be napping in the upstairs that had blown away but was fussy and wouldn't sleep. The baby did suffer hearing loss from the pressure of the storm; they are hoping that her hearing can be restored. It was clear to us that the damage was far more than physical; it was very emotional. The family had tried many times to get help but had fallen through the cracks. We know that God sent our team to them to help them recover and let them know that others care. We all signed a bible for them and encouraged them to go to church. There is a DOC church only blocks away.

We returned to FCC on Sunday, Nov, 20. God blessed all of us and we are very grateful for all the support from FCC of Bloomington. Thank you for being a mission church!

Small Business Tax Credit for Church Employers

On December 2, 2010, the Internal Revenue Service announced that the Small Business Tax Credit included in the Patient Protection and Affordable Care Act is available to churches and other small employers that obtain coverage through self-funded denominational church health plans like Churchwide Health Care.

Since churches usually do not file tax forms with the IRS, paperwork is required to receive the credit. Information and detailed instructions are available at www.pensionfund.org. —Disciples News, Dec. 14, 2011

2012 Laity Sunday Resources Available

Week of the Laity, January 22-28, will continue the 2011 General Assembly “Tell It” theme. Resources include a Bible story library, music library, worship models and video examples.

Laity Sunday celebrates the diverse gifts laypeople bring to ministry both within and outside the walls of the church. To download Laity Sunday resources from Disciples Home Missions, see:

Gillett Installed as Seminary’s 17th President

Charisse L. Gillett

Observing that hope “is more than wishful thinking,” the Rev. Charisse L. Gillett called upon those who work in and alongside Lexington Theological Seminary to support its efforts to meet the needs of students and congregations. Gillett’s remarks came during her installation service as the seminary’s 17th president, on December 4, 2011.

The National Benevolent Association Announces Sale of ECHO Land

The National Benevolent Association (NBA) announced the decision by the Board of Directors to sell the Emergency Children’s Home (ECHO) nine acres campus located at 3055 North Euclid Avenue, St. Louis, MO.

Beginning in 1907, the Christian Church (Disciples of Christ) and NBA joined together to provide ministry on the campus in north St. Louis. ECHO, formerly St. Louis Children’s Home, was originally founded to serve orphans and widows. While the need for an orphanage ended, the mission for ECHO continued to focus on children in need by providing residential therapeutic treatment for those who had been abused and neglected. Although care and services for children continued to be in the forefront for NBA, the government funding for such intensive residential treatment had decreased drastically, thus forcing NBA to eliminate this ministry on the ECHO campus in 2008.

“As NBA has been engaging in strategic conversations with our Board of Directors, our affiliated agencies, and Disciple congregations around the country,” said Rev. Belva Brown Jordan, NBA Board Chair, “it has become clear that it is no longer feasible, both financially and physically, to maintain a campus where there is no longer a Disciples’ presence. And although this has been a very difficult and painful decision,” she continued, “the Board of Directors believes that in selling the property the ministry of ECHO will be transformed.” Once the property is sold, the proceeds will be able to support a variety of health and social service ministries throughout the life of the Christian Church (Disciples of Christ). —Disciples

SOMETHING NEW!

Week of Compassion and Disciples Volunteering are thrilled to announce the launch of a **Disaster Response Mission Station in Joplin, Missouri**. After a number of lengthy conversations with different partners, arrangements are being made to host volunteers beginning in March 2012.

Our Disciples response in Joplin is unique from other responses because we have undertaken our work and witness there in partnership with the United Church of Christ. While so much of the work of Week of Compassion and Disciples Volunteering, including partnering with Church World Service and Long Term Recovery Committees, is rooted in deep ecumenical commitment, this is a new undertaking. In working together with the UCC, we will be able to stretch our resources and make better use of the gifts with which you entrust us, including the time volunteers offer to this recovery effort.

We thank you for all of your donations throughout the year. Your sharing has truly brought joy to us, to others, and surely to God! **The 2012 Special Offering for Week of Compassion will be received in congregations on February 19 & 26, 2012.** Thank you for sharing!!
