This "brief assessment" is a one-day process with some significant pre-appointment work. You will complete 3 assessments, fill out a ministry profiling questionnaire and write a short auto-biography prior to your testing session. During the session, you will meet with a counselor and psychologist, take additional psychological assessments and go over the results of all testing and materials. Make your appointment at least 6 weeks in advance. Be sure to follow all deadlines set forth by the agency.

After the testing session, you will meet with the counselor for an interview. The counselor writes a report and you will have one final interview to discuss test results and the report. For those living in distant cities, you may arrange to cut down the number of sessions, barring any circumstances that arise from the tests and interviews.
