

Our region is very proud of our camping ministry and we want to continue changing the lives of future generations. Some major repairs/renovations are planned to help us do just that.

In the Fall of 2018, we will be replacing the roof of the Dining Hall and Restoring the Bath House Facility on the south side of the lake.

In addition to these projects, several others are in the planning phase. **This is where we need your help!**

Your Matching Grant contributions will go towards the purchase and installation of 10 Yurts, complete with bunkbeds and electricity, and a Splash Pad.

Please prayerfully consider a contribution to this program. If you want to make a difference, donate now and your impact will be **doubled** by the CCIW Matching Fund Campaign. CCIW will match contributions up to \$100,000.

We encourage your gifts by March 31, 2019 to benefit the 2019 camping season.
